Commissioner's Forward

Everett Frazier
Commissioner,
WV Division of Motor Vehicles

In January of 2020, Governor Jim Justice appointed Everett Frazier as the new DMV Commissioner. Commissioner Frazier took over with a desire to focus on improving customer service and technology, but more importantly, to foster a team effort environment, empowering all employees to contribute and feel valued in the agency. He believes every employee, regardless of their role or years of service, has been and continues to be a vital component to DMV's accomplishments during the pandemic.

2021 Highlights and Accomplishments

The Division had to make many key changes in FY 2021, due to the nationwide pandemic of COVID-19. Not only did DMV continue to make progress in FY 2021 in improving customer service, but implemented many out-of-the-box solutions to propel WV DMV forward.

Key programs and highlights from the response to the pandemic include:

- The continuation of appointments in the regional offices, to help with social distancing and safety measures, in addition to office upgrades with plexiglass, personal protection equipment, and extra cleaning measures. DMV did begin taking walk-ins again, in addition to appointments, in an effort to balance the needs of the public with keeping everyone safe.
- Online services and kiosk locations were encouraged, and those transactions increased exponentially, as well as mail-in transactions, the use of license services, and over-the-phone transactions.
- Drop boxes, installed in 2020 outside of each regional office for customers to leave their title or dealer work, as well as registration renewal work in a secure location, continued to be utilized. CSR's complete the work and mail it back to the customer.
- Contactless driver's license skills testing was utilized until mid-June when the mask mandate expired and DMV returned to in-car driver skills testing. However, DMV continues to keep that option in mind if needed down the road.

Other key programs to highlight from 2021 include:

- **As part of the ongoing business modernization plan, DMV continues to add online services to the website.** The DMV website contains the online services portal, which allows citizens to perform many requests, including driver's license renewal, vehicle registration renewal, duplicate requests including duplicate Class A license plate decals or plates, and update their address of record with the DMV. Customers can also pay their driver's license reinstatement fees and purchase their driving record online. Motor carrier drivers can also now take advantage of the online services with a new online application system. **Additionally, DMV launched a NEW version of the website in 2021, aimed at making it easier for customers to find the forms and information needed with just a few clicks.**

- **DMV implemented a new Driver's License/Identification card system that is completely compliant with the "Real ID Act" of 2005, which is mandatory for 2023.**
- **DMV made a full conversion to e-temporary tag process rolled out to all WV dealerships and Regional Offices which creates vehicle ownership database immediately at the point of sale.** This tool helps law enforcement quickly identify the owner of a vehicle before it is fully titled and registered. It also streamlines the titling registration process.
- **The West Virginia Governor's Highway Safety Program (GHSP) continues to focus on reducing roadway injuries and fatalities, aided by the 90.2% seat belt usage rate in 2019, high visibility enforcement campaigns, and strong media messaging.** In addition to occupant protection, the GHSP also focuses on impaired driving prevention and awareness. In FY 2020, the GHSP provided \$1,068,772 in federal DUI funding to 132 law enforcement agencies and the State Police, resulting in 1,112 DUI arrests, 53,667 driver contacts, and 42,280 additional traffic citations.
- **DMV driver examiners continue to be among the best in the nation by achieving full national certification.** The DMV strives to maintain the highest level of performance among our driver examiners through training and education. During FY 2021, the DMV implemented online training courses for driver and motorcycle examiners which has significantly reduced training expenses. As a result, 85% of our driver examiners are nationally certified.

2022 and Beyond...

The accomplishments of the Division over the last year will stimulate improvements in many of its processes. Several key projects are underway in FY 2022. Those projects include:

- Continue modernizing outdated mainframe-based technology.
- Continue to promote the usage of the online transactions through the DMV website.
- Implement a new, more convenient International Registration Plan (IRP) solution that will allow customers to perform IRP transactions online as well as from a mobile device. This will also provide customers with real time Federal Motor Carrier Safety Administration updates made directly to their mobile devices.
- Add online renewal of a dealer license for West Virginia Automobile Dealers to our current web services.
- Expand the availability of web-based business processes and increase the use of online self- service transactions by 5% each year.
- Improve the safety of the motoring public through public awareness initiatives and driver rehabilitation.
- Develop a customer-centric business system to replace outdated standalone databases to provide state-of-the-art motor vehicle services to customers in an efficient and cost-effective manner by FY 2021.
- Complete the e-citation interface which will allow DMV to electronically import municipal and other court convictions.
- Convert sheriff vehicle registration process from paper to an electronic web-based system. This will expedite registrations of all vehicles renewed at the sheriff's office and expand the vehicle type that can be renewed by the sheriffs. ▢

Legislative Changes

SUMMARY FOR FISCAL YEAR 2021

Senate Bill 343 - Online Address Change

This Act removes the largest impediment to renewing a driver's license online. Previously all change of address transactions had to occur in person. The process of remote (online) driver's license renewal with a change of address is authorized under the REAL ID act. This small change will have a major impact on the online driver's license renewal process and positive ripple effects on all in-person services at DMV.

Senate Bill 345 - Test and Lock Program Expanded

This Act builds on successful legislation from 2019 for persons in the Jobs and Hope Program with a license revocation for DUI with drugs. The Act expands the potential participation pool, opens the test and lock program to drug offenders, authorizes a drug testing component and renames the program to the Motor Vehicle Alcohol and Drug Test and Lock Program.

Senate Bill 346 - Allowing Electronic Notice

This Act allows DMV to provide electronic notice where law previously required notice by U.S. Mail.

Senate Bill 356 - Written Knowledge Testing by Driver Education Instructors

This Act allows driver's education instructors to administer the written knowledge test for a driver's license as part of driver's education instruction. Knowledge testing for a driver's license is also offered online or in a Regional Office. The online version can be taken anywhere with adequate internet service. This option furthers the DMV's initiative to make services available in multiple formats.

Senate Bill 431 - Electronic School Enrollment

This Act allows DMV to use electronic notice of school enrollment to satisfy school enrollment requirements attached to driver licensing.

House Bill 3175 - Repeal Salesperson Licensing

This Act repeals Chapter 17A, Article 6E – motor vehicle salesperson licensing. Salesperson licensing started as a motor vehicle dealer initiative in 2006, primarily as a method for the industry to improve the quality of salespersons and improve the image of the industry. It has proven to be unnecessary regulation. DMV issues licenses to motor vehicle dealers who are responsible for all acts committed by dealership employees.

Highway Safety

The West Virginia Governor's Highway Safety Program

BOB TIPTON Director

About the Program

The Governor's Highway Safety Program (GHSP) is the lead agency for West Virginia's participation in federally funded highway safety improvement measures, which are mandated by the National Highway Traffic Safety Administration (NHTSA). The program is housed under the DMV, and the DMV's Commissioner, Everett Frazier, who serves as Governor Justice's representative for highway safety.

To allow for maximum flexibility and accuracy in the identification and resolution of highway safety issues throughout the state, the GHSP has established six (6) focused regional traffic safety programs. These traffic safety programs are located in the population centers of Beckley, Bluefield, Charleston, Clarksburg, Huntington, and Wheeling, with Region 3 (Wood County) being included in the Charleston (Region 1) grant. Each region's mission is to develop and implement the plans that their regions require to lower crashes, injuries, and fatalities on the roadways of West Virginia.

Additionally, there are eleven (11) single-focused grants throughout the state that target specific highway safety issues.

These traffic safety programs also provide a targeted approach to sharing valuable messages about highway safety enhancement legislation with the public.

The GHSP evaluates its performance annually to determine what progress has been made towards meeting its goals. These goals and measures are explained in detail in the GHSP's Annual Highway Safety Performance Plan located on the DMV website.

GHSP Totals

For Counts, Recoveries, and Arrests

[Based on the Federal Fiscal Year 10/1/2020 - 09/30/2021]

	2021	2020
Under Age Drinking	318	194
DUI Arrests	949	1,112
Child Restraints	71	101
Driver's License Revoked	582	690
Driver's License Suspended	2,040	2,122
Felony Arrests	419	384
Misdemeanor Arrests	1,673	1,668
Fugitives Recovered	81	112
Weapons Recovered	61	53
Property Value Recovered	252,175	183,412
Drug Value Recovered	182,639	359,352

In 2021, the GHSP Funded:

[Based on the Federal Fiscal Year 10/1/2020 - 09/30/2021]

98	Full Sobriety Checkpoints
0	Phantom Checkpoints
7	Occupant Protection Checkpoints
105	Total Checkpoints in WV
44,064	Total Vehicles Contacted
44,064	Total Vehicle Occupants (Only Drivers Counted)
62	DUI Arrests at Checkpoints
1,988	Citations Issued at Checkpoints
10,017	Hours of Directed and Saturation Patrols
9,193	Citations Issued for All DUI Work
7,851	Man-Hours Invested in Sobriety Checkpoints

Public Information

The GHSP's public information efforts focus on awareness, education, and the promotion of highway safety initiatives such as seat belt use, child passenger safety, motorcycle safety, pedestrian safety, bicycle safety, ATV safety, as well as the dangers of drowsy driving, impaired driving, and distracted driving.

Changing driver behavior is emphasized as the key to successful highway safety programs, and these objectives are met by combining state, regional, and local efforts. Years of declining injuries and deaths suggest that GHSP efforts are having a positive effect on driver behavior in West Virginia.

GHSP Goals

[To Meet By December 31, 2022]

- *Decrease traffic fatalities to 262 (2018-2022 rolling average) by 2022.*
- *Decrease serious traffic injuries to 926 (2018-2022 rolling average) by 2022.*
- *Increase fatalities/100 MVMT to 1.588 (2018-2022 rolling average) by 2022.*
- *Decrease unrestrained passenger vehicle occupant fatalities in all seating positions 11.8 percent from 84 (2015-2019 rolling average) to 74 (2018-2022 rolling average) by 2022.*
- *Decrease alcohol-impaired driving fatalities 9.8 percent from 65 (2015-2019 rolling average) to 59 (2018-2022 rolling average) by 2022.*
- *Decrease speeding-related fatalities 19.2 percent from 77 (2015-2019 rolling average) to 62 (2018-2022 rolling average) by 2022.*
- *Decrease motorcyclist fatalities 33.1 percent from 31 (2015-2019 rolling average) to 21 (2018-2022 rolling average) by 2022.*
- *Decrease unhelmeted motorcyclist fatalities 38 percent from 10 (2015-2019 rolling average) to 6 (2018-2022 rolling average) by 2022.*
- *Decrease fatalities among drivers age 20 or younger 19.6 percent from 30 (2015-2019 rolling average) to 24 (2018-2022 rolling average) by 2022.*
- *Decrease pedestrian fatalities 28 percent from 24 (2015-2019 rolling average) to 18 (2018-2022 rolling average) by 2022.*
- *Decrease bicyclist fatalities 15.4 percent from 3 (2015-2019 rolling average) to 2 (2018-2022 rolling average) by 2022.*
- *Increase observed seat belt use for passenger vehicles by 1 percent from 90.2 percent to 91 percent by December 31, 2022.*

The GHSP utilizes surveys, national data, programs and high visibility enforcement campaigns modeled by decades of research provided by NHSTA in order to provide effective and measurable highway safety improvements.

The GHSP also works closely with various agencies and clientele groups throughout the state, including the Commission on Drunk Driving Prevention, the Alcohol Beverage Control Administration (ABCA), the West Virginia State Police, local law enforcement agencies, Emergency Medical Services (EMS), the Prosecuting Attorney's Institute, health care professionals, and even local businesses to educate the public and promote highway safety.

GHSP Federal Funding Policy Compliance

GHSP operates on funding that is provided federally and with required matching funds provided by the state. The GHSP is responsible for the oversight of these grants and their mandated policies and requirements.

NHTSA grant funding policy states that no more than 15% of a NHTSA grant may be expended on administrative costs. Federal statute requires that local political subdivisions be allocated at least 40% of all federal highway safety funding the State receives. GHSP distributed over 74% of its FY 2021 federal funding to various local governments, exceeding the requirements.

For certain grant fund programs, NHTSA requires that the State match at least 25% of all NHSTA funding received by GHSP. West Virginia's FY 2020 allocation exceeded this requirement.

The GHSP's regional traffic safety programs receive approximately 60% of West Virginia's federal highway safety driver behavior funding that goes towards regional enforcement, local media, administrative, and public education material production costs.

The remaining funds are utilized through the GHSP central office and other state agencies to fund statewide media campaigns, training, various safety programs, and to grow electronic data collection for accurate measures and reporting. ▢

Driver Services

DEBBIE FERGUSON Director

West Virginia's classified driver's license system specifies vehicle types that a licensee may operate. The class of licensees range from operators of 80,000 pound combination vehicles (Class A) to persons who are restricted to the operation of motorcycles only (Class F). The classified driver's license system ensures that licensees operate only those types of vehicles for which they have the proper training and safety record.

The DMV is linked to the National Problem Driver Point System (PDPS) for inter-jurisdictional tracking of driver records. The computerized system searches the driving records of licensed applicants by name and birth date.

The DMV's innovative digitized driver's license system has introduced one-stop-shopping to its customers. The computer-generated license system reduces the risk of fraudulent issuance and increases the efficiency of record keeping. The system also stores the facial images of licensees, thus providing reliable identification for subsequent transactions. Licensees have the option to store a digital fingerprint image in their license record as an extra security precaution.

The WV DMV offers two types of driver's licenses and identification cards: a Not for Federal use driver's license or ID card, or a REAL ID, For Federal Use card that contains a gold star, indicating that the card meets full federal requirements for future use at airports and other designated federal facilities and uses nationwide.

The WV DMV also offers driver's license renewal or duplicate license transactions through our online services portal and at our kiosks (self-service terminals) throughout the state to better serve the public.

Revocations & Suspensions

The DMV's responsibility does not end with the issuance of a driver's license. DMV monitors the driving activity of all licensees through a number of methods.

The main purpose of any license suspension is to protect the public from drivers who operate their vehicle in an unsafe or illegal manner, and to offer opportunities for motorists to improve their driving through participation in safety and training programs.

ID Card Totals in 2021	2021	2020

Commercial Driver's License

A Commercial Driver's License, or CDL, is a license issued to an individual which authorizes the individual to drive a class of commercial motor vehicle in accordance with the requirements of WV State Code §17E-1-3. There are three types of CDL's issued: Classes A, B, and C, which would be dependent upon the type of vehicle driven, the GVWR or GCWR, and if transporting sixteen or more passengers, including the driver.

CDL Restrictions

The DMV is authorized to impose license restrictions to assure the safe operation of motor vehicles. DMV may issue you a restricted license or may indicate restrictions on the form Application for Commercial Driver's License (CDL) and/or Endorsements (DMV-CDL-1). Operating a motor vehicle in violation of restrictions is a serious offense and could result in the suspension or revocation of your driving privileges.

CDL Assessment Unit

The CDL Assessment Unit is responsible for monitoring the records of our state's current pool of Commercial Driver's License (CDL) holders. The unit handles all information received from courts and the Public Service Commission for a CDL/CMV driver.

Federal Motor Carrier Safety Administration (FMCSA) regulations require court convictions to be placed on CDL holders/CMV's within 10 days of court adjudication. The FMCSA performs a yearly review of the state's CDL procedures to ensure compliance to their mandated regulations. Any inadequacies can result in a Finding against the state. Findings result in the state responding with a plan to correct or improve the inadequacy within a named time period. Therefore, accuracy and swiftness are of the utmost importance to the unit.

The unit updates our WV CDL records for all convictions received from in-state courts, updates out-of-state CDL holders electronically through the Commercial Driver's License Information System (CDLIS) to the home jurisdiction's record and receives CDLIS electronic transmissions from other jurisdictions on our WV CDL holders. The unit processes all court notices for Failure to Appear, Pay, or Comply for CDL holders both in-state and out-of-state, fraud suspensions, Coal Resource Transportation System violations, and several other types of suspensions, revocations and disqualifications. They place the CDL convictions on the record and follow up with suspensions and disqualifications sanctioned by state code, legislative rule and federal regulations.

DUI Programs

The DUI Program Unit administers court conviction revocations for driving under the influence of alcohol and/or drugs. The unit also handles restoration of driving privileges which entails working in conjunction with approved behavioral health providers to assure the offender has completed the Safety and Treatment Program for DUI offenders.

Previously, the DUI Program Unit also took revocation action based upon the report and evidence submitted by an arresting officer. Drivers had the opportunity to challenge these revocations through the administrative hearing process. However, in the 2020 Legislative Session, Senate Bill 130 passed and was enacted on July 1, 2020. After this date, only those criminally convicted of a DUI or related offense, or those found by the court to have refused to take the secondary chemical test can be revoked.

The Safety and Treatment program allows private behavioral health providers and state-funded facilities to offer educational and rehabilitative services. This collaboration maximizes the availability of the program to DUI offenders and helps offenders to acknowledge the effects of alcohol on their lives while providing the means to resolve their alcohol-related problems.

DMV's Ignition Interlock Program makes it possible to restrict, rather than revoke, the driving privileges of DUI offenders. A breath alcohol content monitor is wired into the ignition of a participant's vehicle. Vehicles so equipped will not start unless an acceptable breath sample is submitted. DUI offenders are ineligible for Ignition Interlock during any appeal of their license revocations, or if they have any other revocations, suspensions, or other driving privilege withdrawals, in WV or any other jurisdiction. If they have been convicted of DUI involving a controlled substance they may participate in the Program by using the Ignition Interlock device as well as being required to complete and submit the results of a urine drug test on a monthly basis. Participants may be required to first serve a license revocation and must enroll in an approved DUI Safety and Treatment Program. Ignition Interlock enables participants to avoid the disruption of their lives that a DUI would cause.

Our statistics show that the rate of DUI recidivism is much lower among Ignition Interlock participants than among offenders who alternatively serve a revocation. This holds true for both first time and repeat offenders. Furthermore, statistics show that success rates are increased for higher risk and repeat offenders when Ignition Interlock and Safety and Treatment Programs work in tandem. Thus, the Ignition Interlock Program benefits both society and the problem driver.

Driver Improvement

The Driver Improvement Unit administers laws and regulations to ensure that all licensees drive responsibly. This governing often requires the restriction, suspension, revocation, or disqualification of the licensee's privilege to drive. Restoration of driving privilege may occur only after the driver completes all of the measures required by state code and legislative rule.

Driving Under the Influence

	2021	2020
Total reported DUI related arrests	4,667	6,468
Total reported refusals	212	596
Revocations based on WV convictions	1,877	242
Revocations based on Out of State convictions	283	356
Revocations for refusal of secondary test	68	596
Total revocations based on court conviction or findings	2,228	N/A
Charges reduced to lesser DUI offense	596	N/A
Charges reduced to non-DUI offense	131	N/A
Charges dismissed	861	N/A
Cases unresolved	1,798	N/A

Ignition Interlock Program

	2021	2020
Applications Approved	1,751	2,880
Applications Denied	1,031	1,400
Installations	1,619	2,502
Enrollees Completing & Removed	1,843	2,500
Persons Disqualified	290	560

The Driver Improvement Section handles multiple types of offense related files including: Nonpayment of court ordered child support, fraudulent license suspensions, passing a stopped school bus, failure to pay for gasoline, driving on a suspended license, excessive points accumulation, student attendance for under age persons, failure to appear or respond to citations through an in-state court, GDL suspensions, and others. With passage of House Bill 4958 in the 2020 Legislative Session, the Driver Improvement Section no longer institutes suspensions for failure to pay citations through in-state courts.

Non-Resident Violator Compact

West Virginia cooperates with other states in tracking unpaid and unresolved traffic citations. Member states reciprocally suspend the driver's licenses of their residents who fail to satisfy a traffic citation issued in another state. Restoration of driving privileges may be met when the driver provides proof of resolution of the outstanding traffic citation. Forty-four states allow non-resident motorists to accept a traffic citation for certain violations and proceed on their way without delay with the obligation of resolving the court issue later.

License Compact

The Driver's License Compact is an agreement among 46 states to report court convictions of non-resident traffic offenders to their home jurisdictions. Upon receipt of the court conviction from any member state, the appropriate information is applied to the WV driver's record.

Second Chance Program

The Citations Unit handles the Second Chance Program that became effective June 12, 2016 under Senate Bill 634. This program has been administered by the Division of Justice and Community Services (DJCS) and allowed the driver to obtain a stay of driver's license suspension from the Commissioner of Motor Vehicles, if the unpaid tickets are older than twelve months and the driver is making monthly payments for unpaid court costs to the DJCS. However, with the passage of House Bill 4958 during the 2020 Legislative Session, this program is no longer necessary as the elements of this Bill provides broader, less restrictive means for the driver to response these issues. Additionally, Senate Bill 180 set a sunset date of June 30, 2022 for the Second Chance. As a result, DJCS (now Division of Administrative Services, Justice of Community Service, a section of the Department of Homeland Security, or JCS) ceased taking new applications for the Second Chance Program on July 1, 2020. Existing agreements will be maintained until the sunset date arrives.

Offenses Requiring Revocations

Vision Report Reviews	1,305	1,857
Addiction Related Files	1,113	1,197

Medical Review Unit

The Medical Review Unit maintains files on all drivers who have been reported as having medical or visual conditions that could impact their driving. Cases are reviewed on an individual basis to determine the appropriate course of action. Periodic medical visual examinations and/or driver re-examination may be required of at-risk drivers and commercial drivers with intrastate waivers that do not meet the federal standards due to diabetes, vision, or limb impairments.

The unit also consults with the Driver's License Advisory Board for recommendations as necessary. The Driver's License Advisory Board consists of five (5) physicians who are appointed by the Governor. These physicians advise the Commissioner of Motor Vehicles on vision standards and medical criteria that are relevant to driver licensing.

Compulsory Insurance

DMV monitors motorist compliance with West Virginia's compulsory automobile insurance law in several ways. The Compulsory Insurance unit takes administrative action through citations for "no insurance", review of crash reports submitted by law enforcement, court-ordered judgments awarding monies due to an uninsured crash, random ongoing verification of registrants' insurance information, and insurance fraud.

The unit also processes all requests for driving records. Each request is reviewed to ensure proper disclosure of records, correct fees, and proper identification of the requestor. The request may be either by the licensee, an employer or an attorney.

Additionally, this unit handles all requests for certification of driving records and corresponding suspension and revocation files. These types of requests are from law enforcement, all branches of the judicial system, county prosecutors, etc. The majority of these requests are received through the West Virginia Law Enforcement Weapons System portal, and must be handled expeditiously for proper prosecution or dismissal through the court. □

Technology Services & Procurement

STEVE MONROE Director

DMV Technology Services is responsible for creating, modifying, modernizing, and maintaining all DMV hardware and software systems to support efficient customer service transaction processing while ensuring overall data security for the DMV and West Virginia citizens. DMV Technology Services works closely with the Office of Technology to improve efficiencies in current systems and processes, as well as researching, selecting, and implementing new systems, allowing DMV to implement innovative customer service technologies.

DMV continues to enhance its online services through innovative technology, providing a way for customers to either “Skip the Line” and utilize a WV DMV Now kiosk, or “Skip the Trip” altogether and use the online services portal through the DMV web site. Kiosk services include driver’s license and vehicle registration renewals, as well as printing driver records. The online services portal also allows customers to renew their driver’s license and vehicle registrations, print driver records, request duplicates (cards, decals, plates, driver’s license), check their driver’s license status, pay reinstatement fees, conduct motor carrier business, and more. ▢

Information Services

WILBUR L. THAXTON, II Director

The Information Services Unit's mission is to maintain, preserve, and make readily available all information and documentation for the Division of Motor Vehicles.

Records Retention

When called upon Information Services developed and implemented the first approved retention schedule in all of state government. The schedule is used for the preservation and disposal of all records and associated data pertaining to the WV DMV.

Records Management

The Records Management Unit maintains records produced by the various sections within DMV by converting hard copy documents into electronic images, providing document management, records retention and optical imaging in accordance with the Retention Schedule, DMV Policy, HIPPA, DPPA, privacy requirements and other state and federal guidelines. This unit also maintains microfilm and microfiche for research and allowable distribution.

To further enhance the Division's online services, the Records Management Unit designed a process and began accepting change of address requests using the online portal in December 2020. Records Management is responsible for the processing of all change-of-address requests.

Information Requests

The WV State Code §17A-2A-1 et al restricts the Division from releasing information from DMV records to only permitted users. The Uniform Motor Vehicles Records Disclosure Act, also known as the Driver's Privacy Protection Act (DPPA), prohibits the WV DMV from releasing personal information to anyone who does not qualify. Permitted users cannot release or sell the information for marketing, surveys or solicitation.

Vehicle Requests

To maintain the privacy of West Virginia citizens, this unit follows all agency policies, federal, state, and local laws, and industry best practices when responding to information requests from authorized sources. Employees provide excellent and efficient customer care when handling incoming calls for information by communicating and explaining Division policies and procedures in a clear and knowledgeable way.

In October 2020, information request transactions were able to be processed over the phone with the installation of new credit card machines. This was just one of many improvements the Division made to become more accessible to our customers.

Bulk Requests

Information Services receives, reviews and process all bulk information requests. This section works closely with Legal Services to ensure all state and federal laws are followed. Driver and vehicle information is only released after contractual agreement has been executed. Additionally, the minimum necessary use standard is followed for each request. □

Investigation, Security & Support Services

ARLENE MOORE Director

Investigation, Security, and Support Services (IS&S) is responsible for conducting internal and external investigations including:

- Internal employee fraud
- External customer fraud
- Title fraud
- License fraud
- Unlicensed Dealers
- Odometer fraud
- Vehicle tax fraud
- Identity theft
- Stolen vehicles

Additionally, this section is responsible for all fingerprint based and name based background checks of all qualifying DMV employees as well as the third party CDL examiners in compliance with the REAL ID Act.

Investigations, Security, and Support Services provides all training and certifications, required by AAMVA, for all driver's license, motorcycle license, and commercial driver examiners as well as all third party CDL examiners.

While utilizing West Virginia's Mobile Commercial Driver's License (mCDL) program, this unit received federal grant funding for continued research and development of the program's software. This software permits third party CDL examiners to test multiple state residents in a professional and wireless manner.

The section is responsible for the managing and coordination of the DMV's fleet vehicles, serving as the central point of contact between the Fleet Management Office, Agency Drivers, and other personnel. This includes maintaining and verifying eligibility records of all assigned drivers, and assuring that all drivers are aware of the proper use of State vehicles as well as Policies and Procedures.

This section also provides program oversight and monitors the administration of CDL skills tests given by third party examiners and conducts low vision Bi-Optic testing for the DMV, as well as reviewing and comparing all photos processed daily through facial recognition for fraudulent activity. ▢

Legal Services

ADAM HOLLEY General Counsel

The Legal Services Section ensures the ethical interpretation and enforcement of all laws within the agency's purview, provides legal advice on all issues before the DMV and its boards, and directs representation of the agency before administrative and civil tribunals.

Additionally, this section reviews, prepares, and advises the Commissioner regarding legal documents, statutes, regulations, policies, and procedures. It also responds to all DMV litigation, FOIA requests, Driver Privacy Protection Act requests, writes contracts for the Division and represents the Division at Legislative hearings.

In FY 2021, the Legislature shifted the administrative driver's license revocation hearing process for impaired driving from the executive branch to the judicial branch. Although the Legal Services section mission to protect the public from impaired drivers remains the same, the focus transitioned from litigation of driver's license revocations to ensure compliance with state and federal safety requirements to reduce DUI crashes, injuries and fatalities, and shifted to monitoring and educating magistrate and municipal courts in efforts to avoid noncompliance with state and federal requirements and encourage prosecutors to seek higher conviction rates for those guilty of impaired driving. ▢

Management Services

STEVE MONROE Director

Management Services performs various administrative tasks including purchasing, title entry, revenue receipt, mailing services, and building maintenance.

Receiving & Processing

The Receiving and Processing Unit processes motor vehicle title work and renewals received via U.S. Mail, FedEx, UPS, etc. In FY 2021 this unit deposited \$31,756,273.71 in sales tax remittance, and a total amount of \$56,735,178.49 within hours of receipt, while tracking the status of "in-process" title work.

Purchasing

The Purchasing Unit oversees all DMV contracts, purchases, expenditures, facility management and maintenance, security systems, repairs to equipment (telephones, copy machines, shredders, security cameras, etc.), building and equipment leases, postage accounts, fixed assets, surplus property distribution and retirement, security guard services, lawn care and snow/ice removal services.

In FY 2021, this unit processed 1,761 purchase orders allowing DMV to procure \$41,892,092.41 in goods and services. This unit also processed 1,538 transactions to update equipment locations in the fixed asset database and retired 1,169 pieces of equipment no longer used by DMV to Surplus Property.

Warehouse & Inventory Supply

The Division's Warehouse and Inventory Supply Unit is responsible for ordering and maintaining all DMV license plates, decals, titles and registration documents, forms, envelopes, brochures, manuals, and janitorial supplies. The Warehouse also ensures adequate stock and distribution of these supplies to all DMV offices, County Sheriff's Offices, and Authorized Service Provider participating dealerships statewide.

2021 Receiving & Processing Transactions

Vehicle Titles & Applications Processed Through US Mail	252,800
Vehicle Titles & Applications Processed Online and CVR	155,103
Total Checks Processed	238,405
Total Pieces of Outgoing Certified Mail	56,127
Registration Cards Mailed	744,823

In FY 2021, this unit mailed 43,543 license plates to West Virginia citizens and distributed a total of 477,890 decals.

Call Center

The Call Center serves as the initial contact point for customers wishing to contact the Division of Motor Vehicles by telephone or email. This unit answers questions and provides information regarding motor vehicle titling and registration, driver licensing, and regional office information. The Call Center also provides support services by scheduling appointments, renewing vehicle registrations, mailing information and products to customers, and re-mailing returned driver's licenses. ▢

2021 Call Center Transactions

Calls	320,539
Emails	9,504
Payments Processed	1,340
Processed Payment Total	\$118,331.79
Appointment Cancellations	9,057
Information and Products Mailed	4,660
Mobility Impaired Placards Mailed	138
Total Calls Received by DMV	689,602

Budget & Revenue

JIM JORDAN Director

Budget & Revenue performs various administrative and fiscal tasks including revenue control, bad check collection, purchasing, auditing, and accounting.

Accounting

The Accounting Unit is responsible for depositing and recording all accounting transactions. In FY 2021 \$475,900,899 was collected in revenue. This includes the \$300,975,366 collected in sales taxes (formerly privilege taxes), which the state uses to match federal highway construction grants.

Additionally, \$203,243 in checks that were received were returned to the DMV for insufficient funds. Of this total, \$59,882 was recovered.

Credit cards are accepted at most DMV offices, as well as online, at the kiosks, and the Fairmont Testing Center. During FY 2021, 741,271 credit card transactions were processed, totaling approximately \$59,310,714. A total of \$455,792 was paid by the DMV in user fees.

Accounts Payable

The Accounts Payable Unit oversees all employee travel and training costs.

In FY 2021 this unit processed 2,242 live check and EFT payment transactions totaling \$14,585,761 and 8,958 credit card transactions totaling \$3,515,995. □

Motor Carrier Services

This unit of the DMV Budget & Revenue section oversees credential issuance to and revenue collection from the commercial trucking industry. The Motor Carrier Services section administers West Virginia's participation in two, multi-jurisdictional, revenue and credential reciprocity compacts:

1. International Registration Plan (IRP): Regulates commercial vehicle registration.
2. International Fuel Tax Agreement (IFTA): Administers credentialing for commercial fuel taxes.

The two compacts spearhead a technology-driven effort to simplify legal compliance procedures for the trucking industry and bring maximum economic efficiency to interstate and US-Canadian commerce.

IRP and IFTA enable United States and Canadian commercial motor carriers to operate throughout most of North America with tax and registration credentials issued by their home jurisdiction. The compacts require all vehicles of more than 26,000 pounds gross vehicle weight (GVW) and having three (3) or more axles to register their vehicles and pay their fees in their home jurisdictions. Ten Canadian provinces and all of the states of the continental United States recognize IRP credentials. IFTA credentials are valid for travel in all of Canada and the continental United States.

This unit also utilizes the Commercial Vehicle Information Systems Network (CVISN) and other Intelligent Transportation Systems/Commercial Vehicle Operations (ITS/CVO) initiatives directed by the Federal Motor Carrier Safety Administration (FMCSA). CVISN and ITS/CVO initiatives are focused on streamlining government regulatory processes by consolidation of functions and electronic data exchanges.

Other Motor Carrier Operations

- Collection of apportioned ad valorem fees for West Virginia counties
- Advice and training for law enforcement personnel and others concerning policies, regulations, and statutes pertaining to commercial vehicles
- Processing and issuance of fuel tax decals for intrastate motor carriers

Motor Carrier Goals & Objectives

- Continue to introduce new motor carriers to electronic credentialing and self-credentialing
- Streamline administration of motor carrier credentialing and taxation
- Reduce administrative paperwork and enhance compliance with motor carrier regulations through technology
- Continue the PRISM program to improve the safety performance of high-risk carriers ▮

Agency Expenditures

Motor Carrier Totals

IRP, IFTA, and Road Tax

IRP Revenue	2021	2020
Collected from WV Based Carriers	\$49,661,853	\$39,413,092
Collected from Other States	\$27,833,839	\$34,476,298
Paid to Other States	\$7,455,862	\$3,624,887
Ad Valorem	\$22,123,998	\$18,046,654

Regional Office Services

CECIL LOYD Director

The first regional office of the DMV opened its doors in Winfield in 1975 and over the last 46 years, the number of full-service regional offices available to the public has grown to 24. In addition to the regional offices, there is one testing site that is open to the public providing 25 total locations staffed to handle general customer inquiries and process DMV transactions on behalf of the agency.

Across the state the DMV regional offices process the majority of all customer transactions.

Regional Office Operation Totals	2021	2020
Titles Instant Printed	192,515	101,560
Titles Processed	287,863	279,643
Driver's License/ID Transactions	397,227	385,266
Vehicle Registration Transactions	444,594	535,565
Class E (knowledge)	59,368	55,332
CDL Exams (knowledge)	13,848	13,865

Examples of what the regional offices do include:

- Conducts driver, commercial driver, and motorcycle knowledge examinations.
- Conducts all driver and motorcycle skills examinations.
- Provides information and DMV publications and forms.
- Determines eligibility of all WV license and ID card applicants, ensuring compliance with the REAL ID Act of 2005.
- Verifies school enrollment forms provided for all Graduated Driver's License (GDL) transactions.
- Confirms legal and valid driver's license status via the Problem Driver Point System (PDPS).
- Processes driver's license card issuances, duplicates, and renewals.
- Transfers new resident title work, registration, and driver's licenses.
- Processes ID card issuances, duplicates, and renewals for adults and children.
- Processes state employee ID cards.
- Issues mobility impaired parking placards and license plates.
- Verifies liens and encumbrances.
- Verifies insurance coverage and payment of personal property taxes in conjunction with vehicle registration renewals.
- Assists customers in electronic voter registration.
- Collects fees for the West Virginia Road Fund and other state agency programs.
- Distributes information on alcohol awareness, motorcycle safety, ATV safety, child passenger safety, and the Governor's Highway Safety Program.
- Host sites for administrative hearings. ▢

Vehicle Services

JOHN SPRINGER Director

The **Vehicle Services** section is composed of two units within DMV that are connected by the requirement to title and register vehicles in West Virginia. The units are Titles & Registrations and Dealer Services.

Titles & Registrations

The Titles and Registrations unit processes registrations and titles for all vehicles (including motorboats) and issues special license plates. Technological innovation has enabled the unit to process all title work promptly upon receipt, track all title work in progress, and provide comprehensive information to customers who call in with questions.

This unit has been aggressive in implementing federal mandates that require increased scrutiny of odometer statements and the use of special tamper-resistant forms for many title transactions.

This unit also handles all customer requests through DMV online services for duplicate titles, decals, and license plates as well as registration renewals.

Dealer/Leasing Services

The Dealer Services unit issues motor vehicle dealer licenses and license service operation permits. They also inspect reconstructed vehicles, oversee temporary registration plate issuances by dealers and license services, and conduct inspections and investigations of licensed dealers and license services annually.

West Virginia assesses leased vehicle taxes according to the value of a vehicle's lease, rather than the value of the vehicle itself. The DMV accordingly allows a special process for titling leased vehicles.

Annual revenues under this program have increased from \$854,000 to \$8,969,007 since FY 1995.

Title & Registration Transactions

	2021	2020
Titles Processed	804,202	704,232
