POA (Power of Attorney)

When can a Secured Power of Attorney be used?

The Secured Power of Attorney form is considered secure because it complies with the security features and odometer disclosure language as specified in the Federal Truth in Mileage Act.

The WV Secured Power of Attorney can only be used in two instances and only with the new West Virginia Conforming Title:

1. At the time of trade-in or direct sale, if the registered owner's title is being held by a lien-holder, the registered owner may, by use of the secured power of attorney, designate the dealer as the agent for the purpose of completing the odometer disclosure statement and reassignment of ownership on the title when it is received from the lien-holder.
2. When the title is lost, the seller can designate the dealer to act as their agent to complete the odometer disclosure and reassignment of ownership **once the duplicate title is received**.

Secured Power of Attorneys

- **Section A: Seller**
- **Section B: Buyer (Only if Section A is completed)**
- **Section C: Only to completed if both A & B are complete.**

Limited Power of Attorney

- A Limited Power of Attorney is for use only with a specific vehicle. Must include make, year, VIN, and the name of the person being appointed POA.
- If using a limited POA, with a vehicle that requires an odometer, you must attach a separate odometer disclosure statement signed by the customer.
