

Public Meeting

W. Randy Smith Recreation Center

40 Excellence Way, Inwood, West Virginia

Tuesday, February 10, 2026 – 4:30 to 7:30 PM

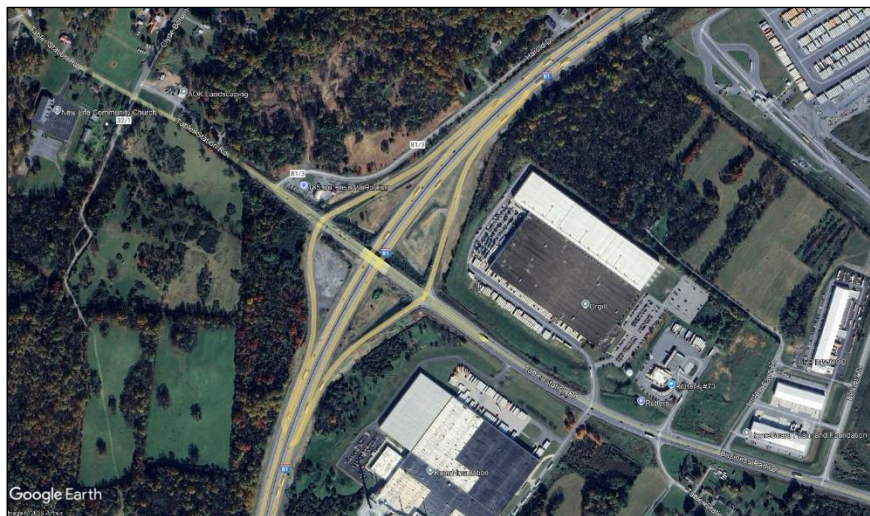

The West Virginia Division of Highways (WVDOH) is conducting this informational public workshop to discuss location alternatives for a welcome center at Interstate 81, Exit 8 in Berkeley County. You are encouraged to examine the display boards and discuss the project with members of the study team.

Project Description

The purpose of the project is to construct a new welcome center adjacent to I-81, Exit 8. Site alternatives consist of Site 1 and Site 2, both of which are located on the west side of I-81 exit 8.

Site 1 is on the southern side of WV 243 (Tabler Station Road). The entrance will tie directly into WV 243. County Route 81/3 (Harold Drive) will be realigned to create a four-leg intersection or roundabout. Site 1 will impact two parcels. Realignment of CR 81/3 will potentially impact one other parcel.

Site 2 is located on the northern side of WV 243. Entrance and exit for Site 2 will tie into a realigned County Route 81/3 and a new intersection further west on WV 243. County Route 81/3 will be widened to accommodate trucks and turning movements. The existing park and ride will be relocated to connect to the realignment of County Route 81/3 across from the entrance to Site 2 creating a four leg intersection. One parcel will be impacted for the Site 2 layout.

Thank you for attending our meeting!

Your interest in the project is greatly appreciated.
