

WVDOH Standards Committee Meeting
Tuesday, June 2, 2026
Meeting Location: 190 Dry Branch Drive, Charleston, WV

Also meeting virtually via Google Meet. Email distribution includes instruction.

Old Business: Standards discussed at the April 2026 meeting are below.

ITEM	Champion
4th time to Committee. Discussed in December, February, April, June - DD-644-<i>Asphalt Pavement</i> - DD-646-<i>Pavement Design Guide</i> - DD-647-<i>Life-Cycle Cost Analysis for Pavement Design</i> - DD-648-<i>Alternate Design and Alternate Bidding of Pavements</i> The revisions include updated links and reference documents, as well as adding new standards for pavement design. Revision reflects updates to AASHTO 93 and adjusts analysis periods. These items have been revised to address comments and incorporate language for the LCCA report since the last meeting.	K. Welch
2nd time to Committee. Discussed in April, June DD-105-<i>Specification, Standards, Manuals, and Material Procedure Approval Process</i> The revision clarifies the work and standard operating procedures for the Publications Section following the Reorganization and other departmental changes. This item has been updated since the last meeting separating the publication type and committee structures for Standards and Manuals.	S. Boggs
2nd time to Committee. Discussed in April, June - DD-622-<i>Intersections on Rural Divided Highways</i> - DD-625-<i>Interchange Warrants</i> The revision updates references to outdated 2011 AASHTO's A Policy on Geometric Design of Highways and Streets to the current 2018 edition, ensuring alignment with the latest national geometric design standards: DD-622 has been updated since the last meeting, this includes a minor update changing a straight through arrow to a right turn pavement arrow on page 3.	S. Boggs
2nd time to Committee. Discussed in April, June DD-662- <i>Guardrail</i> The revision reflects coordination between WVDOH and FHWA and is intended to ensure that adequate grading is completed prior to terminal installation so that these systems function as designed.	S. Boggs

New Business: None

ITEM	Champion
1st time to Committee Life Cycle Cost Analysis (LCCA) Report The LCCA report evaluates the long-term economic efficiency of competing pavement design alternatives (asphalt vs. concrete) in accordance with FHWA	K. Welch

guidelines. Specifically, the report demonstrates the methodology used to calculate the Net Present Value of Future Costs (C-factor). The report will be incorporated into DD-647 and DD-648, reviewed and approved annually, and published on the Publications Page. This effort is being completed at management's request.
