Responses to Questions from Vendors

Question 1

My question is for the Asphalt item is that asphalt plant mix or liquid AC/asphalt ?

Response 1

The asphalt bid under this contract is Hot Mixed Asphalt. All asphalt used on this contract shall be from MCS&T approved sources/plants, as amended. Reference:

https://transportation.wv.gov/highways/mcst/Pages/APL_By_Number.aspx

Question 2

The next question is for the Emulsion. Can I assume that's for tack coat. If so what type? Standard or non-tracking tack coat ?

Response 2

This question is not specific to a certain section of the contract and there is not an Emulsion section nor an emulsion contract item. The Tack items are for the vendor to apply – tack is not sold to WVDOH as a stand-alone product under this contract.

3.2.10 Asphalt Material for Tack Coat - Contract Item 47: Shall be furnished and applied in accordance with Standard Specs Section 408, as amended, and as directed by the WVDOH District Engineer or their designee.

Per section 6.1 of the Contract Specifications: **Bidding Vendor must provide both material and laydown services within the same bid; bids received for material only or laydown services only will be disqualified.**

Question 3

The final question is are these products to be quoted as delivery or pickup from the supplier ?

Response 3

The Asphalt Materials, Delivery & Labor by Vendor ARFQ DOT26*19 allows for the application and laydown of materials; no stand-alone product purchases are allowed.

The Asphalt Pick Up by Agency CRFQ DOT26*13 allows for the pick up of asphalt from approved sources only.

Question 4

Item #65 Base Failure Repair thru Item #80 Pothole Repair each indicate “Square Yards” in the Contract Item Description, however, in the Unit of Measure column it indicates “mile.” Please confirm as to which Unit of Measurement we are to use?

Response 4

For Contract Items 65-80, Vendor should provide their bid price per mile, for pavement repairs performed within that mile for the SY range specified in the Contract Item Description.

For example, if 10 SY of Edge Failure Repair was performed within one mile, the bid price would cover all Edge failure Repair done within the specified 0-50 SY range, within that mile.

Responses to Questions from Vendors

Question 1

Items 65-80 (base failure, edge failure, and pothole repairs) are all listed with a per mile basis for unit of measure however shouldn't they be bid on a square yard or tonnage basis?

Response 1

The unit of measure has been revised for Contract Items 65-80 on the Pricing Page, Attachment A (ATT A).

Please bid the Square Yard Per Mile pavement repair items using the Square Yard unit of measure. This change overrides the response given in Addendum 3 – Question 4, issued previously.
