Responses to Questions from Vendors

Question 1

There appears to be a discrepancy in the estimated quantity between two sections of the solicitation documents:

- The ARFQ line item on Page 2 lists the quantity as 3,080 drums.
- The Pricing Page (Exhibit A) lists the quantity as 45 drums of 55-gallon refillable barrels.

Could you please confirm the correct estimated quantity for this contract so vendors can price their bids accordingly?

Response 1

The 3,080 drums in Oasis should be 45 drums. This is only estimate.
