(Ad to be run in local newspaper(s) and others in accordance with W.Va. Code § 17-2E-5)

_____ will be constructing approximately _____ of longitudinal underground fiber optic network or wireless telecommunications facilities using West Virginia Department of Transportation (WVDOT) rights-of-way along _____ at _____, WV. This placement will specifically be along _____.

_____ will make fair and reasonable accommodations to share construction costs with other telecommunications providers if such providers elect to place underground facilities along these same rights-of-way during construction. Other providers also will be required to obtain from the WVDOT approval of appropriate plans and obtain permit for occupancy of WVDOT rights-of-way regarding the installation. Construction is anticipated to begin in _____ and be completed in _____. Interested parties should contact _____ with _____ at _____ or _____ no later than _____

_____ (must give 30 days per W.Va. Code §17-2E-5). Providers timely responding to this notice will coordinate with _____, and with WVDOT as appropriate, to address trench sharing and costs and issues pertaining to the installation.

INCLUDE WITH AD A LOCATION MAP CLEARLY IDENTIFYING ROUTE(S)/INSTALLATION AREA
