

West Virginia Technician Inspector Certification Program (TICP)

2026 Materials Conference
Updates

Shane Harper

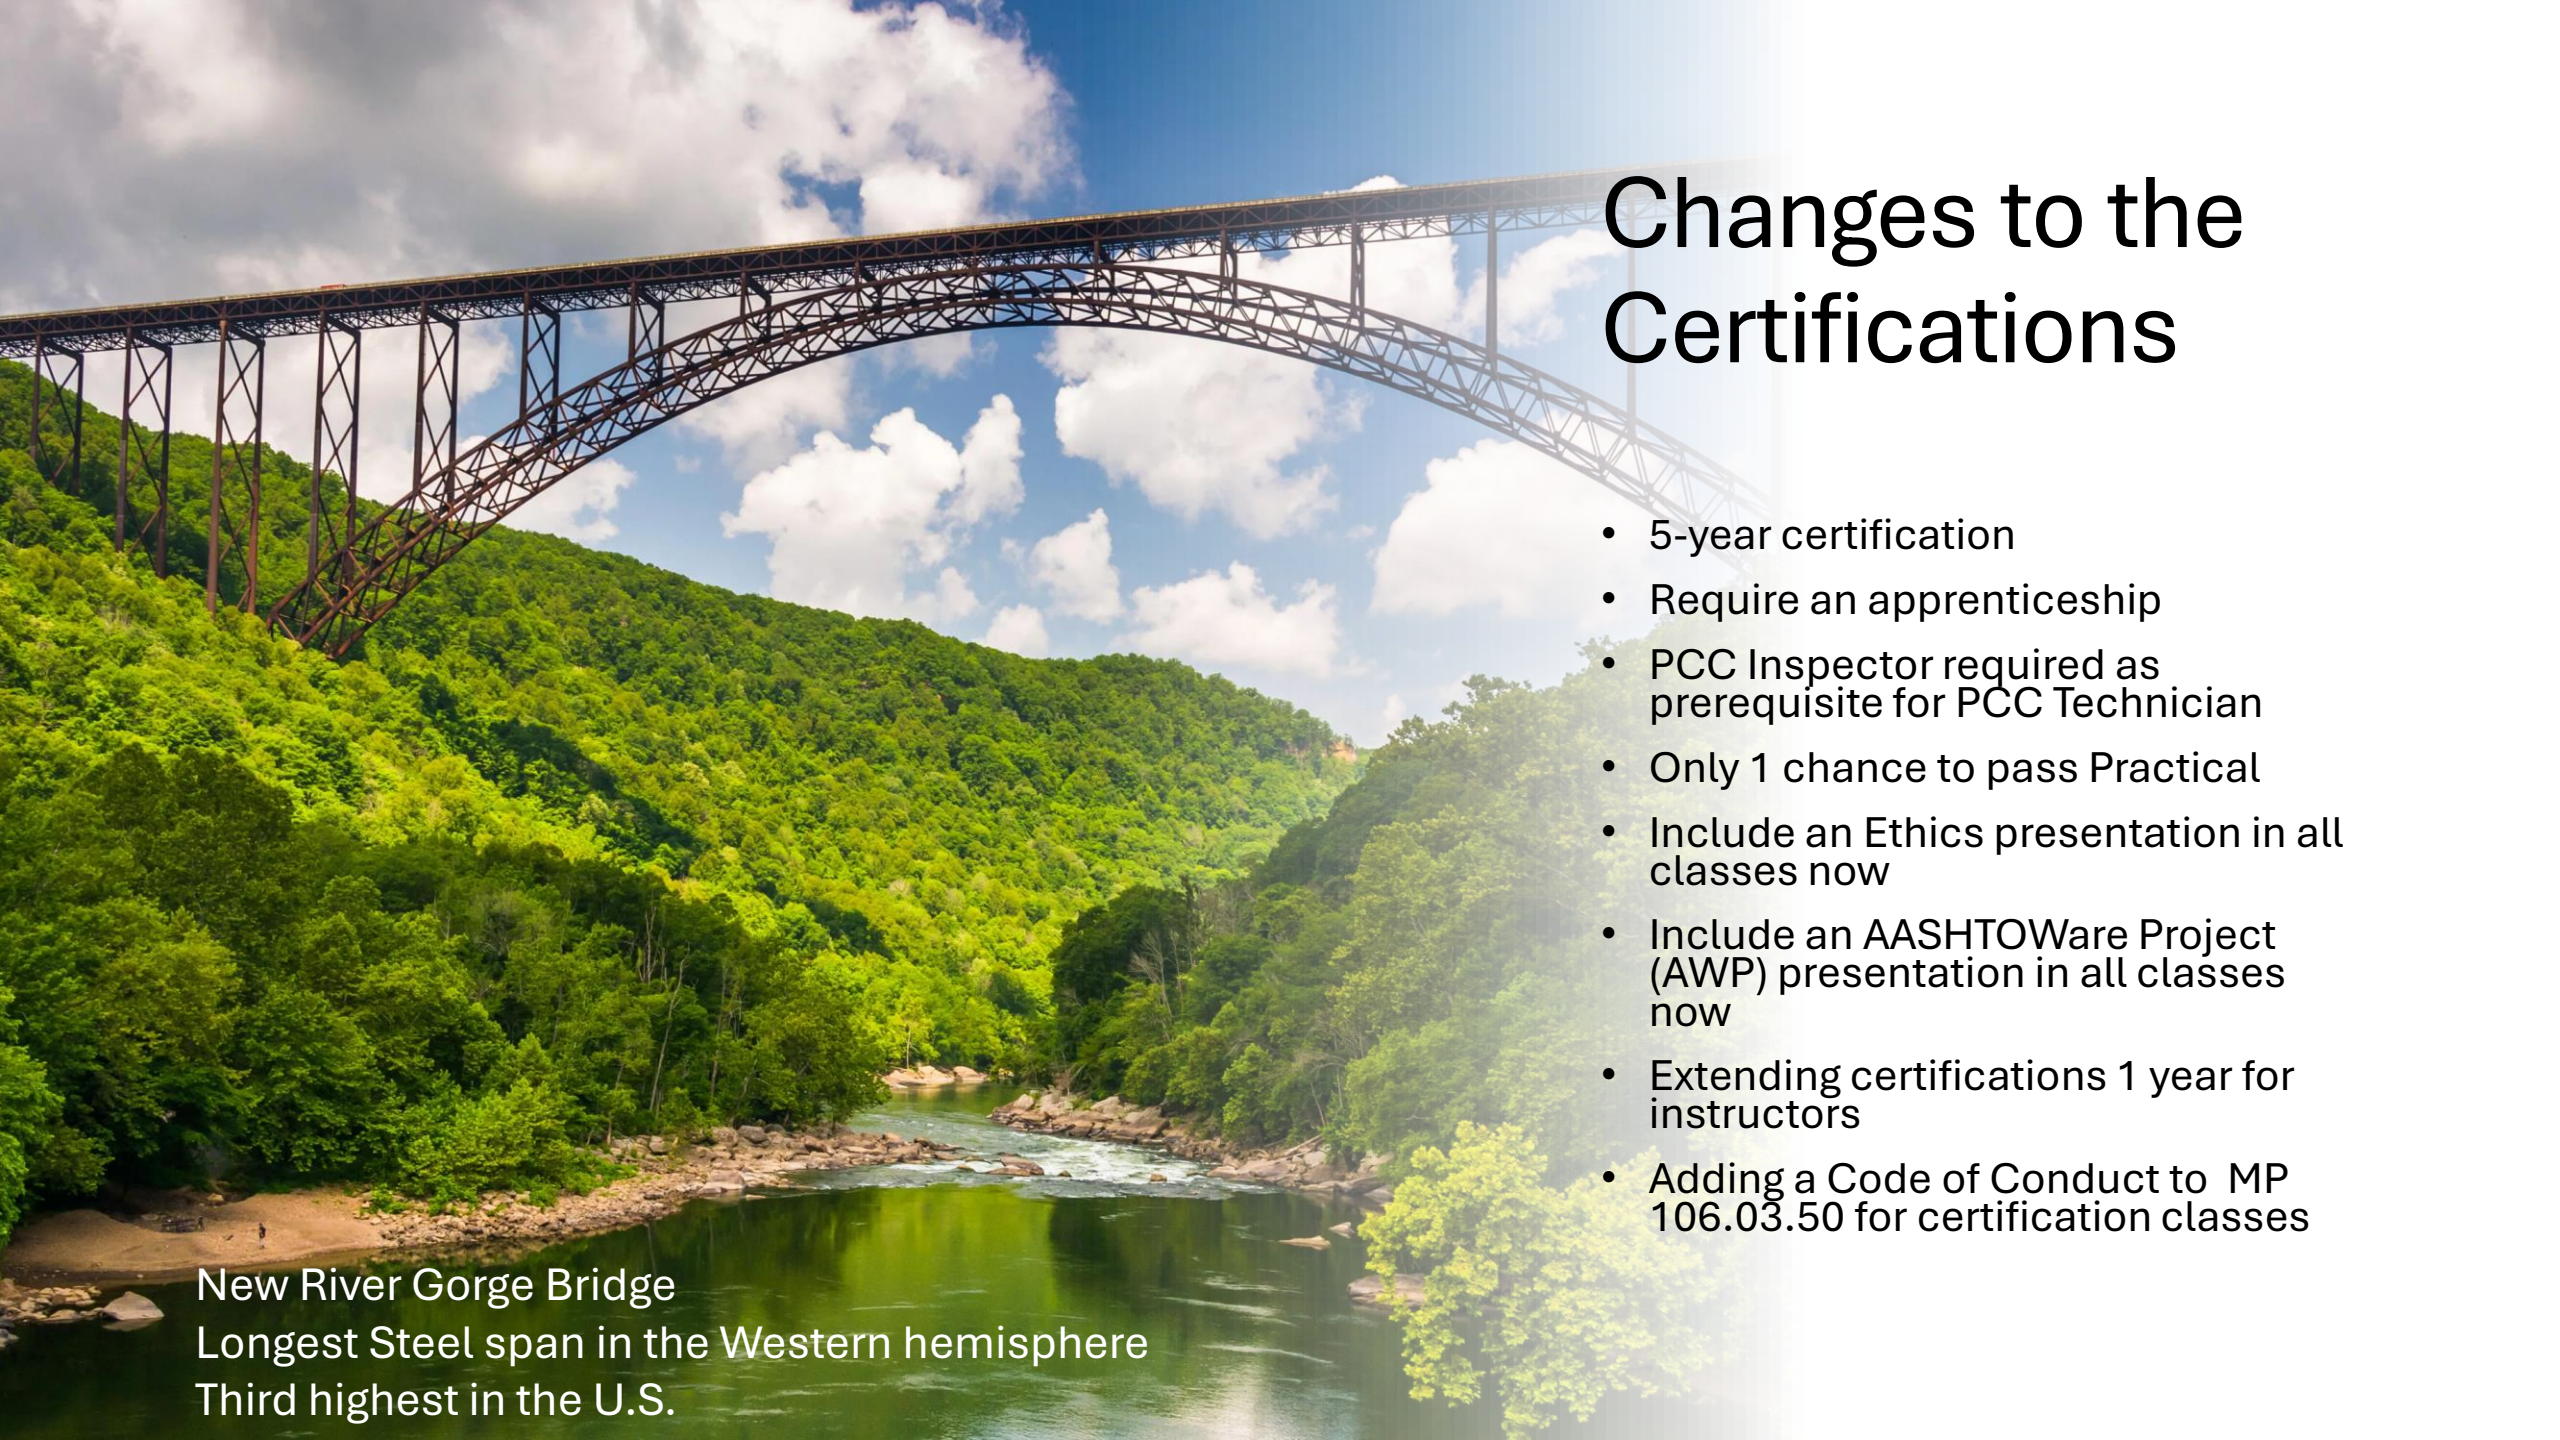

Quality Assurance Program Administrator

Spruce Knob, elevation 4,863 ft

Overview

- Changes to WV Materials Certification Program
- Apprenticeship Requirements
- Online course options
- MP 106.03.50
- Example Apprenticeship Worklog Form
- Proposed Code of Conduct

A large steel arch bridge spanning a deep gorge with a river below. The bridge is made of dark steel and has a complex lattice structure. The gorge is filled with lush green trees, and the sky is blue with white clouds. The bridge is the central focus of the image, curving from the left side towards the right.

Changes to the Certifications

- 5-year certification
- Require an apprenticeship
- PCC Inspector required as prerequisite for PCC Technician
- Only 1 chance to pass Practical
- Include an Ethics presentation in all classes now
- Include an AASHTOWare Project (AWP) presentation in all classes now
- Extending certifications 1 year for instructors
- Adding a Code of Conduct to MP 106.03.50 for certification classes

New River Gorge Bridge
Longest Steel span in the Western hemisphere
Third highest in the U.S.

Apprenticeship Requirements

21.3. CODE OF CONDUCT

- 21.3.1. The purpose of this Code of Conduct establishes expectations for behavior throughout the training course and during the end-of-course written exam. Its goal is to create a respectful productive, and fair learning environment for all participants.
- 21.3.2. Professional behavior is always expected. Participants are expected to treat instructors and fellow learners with courtesy and respect. Disruptive behavior, harassment, or discrimination of any kind will not be tolerated. Active participation is encouraged, but learners should allow others the opportunity to contribute.
- 21.3.3. Attendance and engagement are important to successful completion of the course. Arrive on time for all sessions and return promptly from breaks. Stay engaged during instruction, group work and activities. If you anticipate an absence, notify the instructor when possible.
- 21.3.4. Use of technology during training is encouraged. Laptops, tablets, and phones may be used for documentation, note taking, taking pictures, and searching documents. Please keep devices on silent ring during class, and if you must take a call, please excuse yourself from class to complete the conversation.
- 21.3.5. Academic integrity during exams is taken seriously. Cell phones, spreadsheets, and AI tools are prohibited during the written exam. Only approved materials may be used

dismissal from the course. Consequences will be applied at the instructor's discretion based on the severity of the violation.

21.3.6.

?? REVOCATION OF CERTIFICATION

course content without permission.

- 21.3.7. Safety must always be observed. Follow all safety guidelines provided by the instructor of facility. Report any unsafe conditions or concerns immediately.
- 21.3.8. Failure to follow this Code of Conduct may result in the following disciplinary actions: a verbal warning, removal from the classroom, disqualification from the exam, and
